

TOWN OF GROTON
WATER POLLUTION CONTROL AUTHORITY
Revised Sanitary Sewer Use Rate Schedule
2013/2014

The Town of Groton Water Pollution Control Authority hereby adopts the following revised Sanitary Sewer Use Rate Schedule:

- A. For FYE14 commencing July 1, 2013 the residential use charge shall be \$28.00 per month for each residential dwelling unit which charge shall be paid quarterly to the Town of Groton Water Pollution Control Authority. This represents an increase of \$2.00 over the current FYE13 rate of \$26.00 per month for each residential dwelling unit.
- B. For FYE14 commencing July 1, 2013 the industrial and commercial rate shall be \$0.04460 per cubic foot of water consumed for each industrial or commercial user, provided no industrial or commercial user shall pay less than \$28.00 per month, which charge shall be paid monthly to the Town of Groton Water Pollution Control Authority. This represents an increase of \$.0032 over the current FYE13 rate of \$0.04140.
- C. The above rates shall apply to all users of Town sanitary sewer service within the Town of Groton, Connecticut.
- D. All the previous rate schedules in force at the time of the adoption of the within schedule are hereby superseded as of June 30, 2013

DATED at Groton, Connecticut, this 22nd day of May 2013
